## COMFORTAIR™

**CREATE YOUR OWN CLIMATE**

**PLATINUM SERIES**

### Features

- Complete Remote Operation
- Bi-Directional Airflow
- Variable Speed Control
- Dome Closed Operation
- Thermostat Control
- Rain Sensor Protection

**SHURflo®**  
Pentair Water

### Comfort Air Silver

The Comfort Air silver circulation fan is ideal for the bathroom and small living quarters such as the kitchen or the bedroom.

Exhaust Only  
Variable Speed  
White Dome  
Easy Removable Screen  
Dome Closed Operation  
Whisper Quiet Operation

09500 (275-C0104) Silver Series \$160.06

### Comfort Air Gold

The comfort Air Gold circulation fan is equipped with variable speed control that allows for comfort at several different settings. Provides all the same features of the Silver series, plus Bi-Directional Airflow (Not Exhaust Only) Smoke Tint Dome

09499 (275-C1004) Gold Series \$202.13

### Comfort Air Platinum With Remote Control

The Comfort air platinum circulation fan features full remote operation that allows you to control comfort levels from your fingertips. Included is a handy wall mounting bracket that gives you the

option of leaving your controls on the wall or taking it with you to bed or living area seating. Equipped with Bi-directional operation, thermostat setting, and a rain sensor. This all-in-one fan is ideal for circulating air through your whole coach. High ceilings are no longer a concern with this remote version, because there are no wires to run through the walls and installation is a breeze. Provides all the same features of the Silver & Gold series plus:

Remote Control Operation  
Thermostat Controlled  
Rain Sensor Closes Dome Automatically

09498 (275-R1234) Platinum Series \$333.10

## COMFORT AIR™

SHURflo's Comfort Air™ ceiling fans allow you and your family to enjoy refreshing, outside air in the comfort of your own coach. At SHURflo®, we take pride in engineering our products to specifically meet your needs and increase the level of your RV experience. With features such as the industry's first wireless remote control fan, variable speed control, an easy to remove screen, operation with the dome closed, and the ability to scatter air instead of blowing air, the Comfort Air™ fans have given you the ability to **Control Your Own Climate.**

	SILVER SERIES	GOLD SERIES	PLATINUM SERIES

Remote Control			●
Variable Speed	●	●	●
Exhaust	●	●	●
Intake		●	●
Power Dome		●	●
Thermostat			●
Rain Sensor			●

### FAN BLADE DESIGN

The Comfort Air™ fan blade is specifically designed to pull and evacuate air from throughout the entire RV. The advantage of this design is that it moves air from the entire living area, not from just below the fan. This results in faster air exchange in the coach, which cools it down quicker and removes odors faster.

### VARIABLE SPEED

Equipped with a unique variable speed control, the Comfort Air™ allows you to set the fan speed exactly where you want it. You have the option to set your unit at whisper quiet speeds for a nice breeze while sleeping, or set it high to quickly remove any cooking fumes or hot stale air.

### REMOTE CONTROL

Perfect for RV's with high ceilings that are hard to reach, the Comfort Air™ Platinum Series comes equipped with a wireless remote control. With all functions controlled by the remote, you no longer need to strain to reach the controls, or run complicated wires to control from a wall switch.

### REMOVEABLE SCREEN

Four push tabs allow you to quickly remove the screen for easy cleaning without having to use any tools. A simple wash of the screen and click back in, and your Comfort Air™ fan will look like new all the time.

### DOMES CLOSED OPERATION

Comfort Air™ can be used to circulate air in your RV even with the dome closed. By closing the dome and setting your fan to exhaust mode, the airflow bounces back into the living area creating a breeze similar to a ceiling fan. This feature allows you to circulate air during bad weather as well as keeping the warm air from your heater fresh.

### RAIN SENSOR/THERMOSTAT

Control the operation of your Comfort Air™ with a thermostat setting that allows you to automatically turn the fan on and off between the temperature ranges of 55° F and 105° F. Also equipped with a Rain Sensor that will automatically power off and close your fan in wet weather.

# 09 Vents / Doors / Hatches & Accessories

## Series 5050 Square Corner

Precision one-piece outer frame is delivered presquared and ready for installation. Extruded hinges with stainless steel bushings and full-length hinge pin provide sturdy core to frame connection. Hinge system complies with DOT FMVSS 206 and CMVSS 206. A variety of optional frame colors are available

### CORE ASSEMBLY

Damage resistant fiberglass exterior and interior surfaces. Strong extruded aluminum core surround protects the core edge from damage. Precambered steel lock stile and adjustable strike plate ensure a positive seal. High quality knob/lever lock is standard. Optional flush and safety locks are available.

### SCREEN DOOR ASSEMBLY

Extruded aluminum screen door frame is designed to withstand heavy use. Large molded slide bubble glides easily and gives ready access to lock area. Lever latch system secures the screen door to the primary door and frame.
